

WEBINAR ON NANOSAFETY/ ECONANOTOXICITY AND REGULATORY ASPECTS OF NANOPRODUCTS

Date and Time: 19th February (14.00 PM to 16:00 PM IST)

TERI-Deakin Nanobiotechnology Centre (TD-NBC) through DBT-TDNBC-DEAKIN– Research Network Across continents for learning and innovation (DTD-RNA) network along with International Iberian Nanotechnology Laboratory (INL), Portugal is organizing webinar on “Nanosafety/Econanotoxicity and regulatory aspects of Nanoproducts” which will feature panel-discussions and expert-talks by leading researchers in the area.

This webinar aims to bring together renowned academic researchers, representatives from international and national regulatory bodies and professionals, technocrats and industries to exchange and share their experiences on nanosafety/econanotoxicity and regulatory aspects of Nano-Agri products & food products; and Nano-Pharmaceuticals & cosmetic products.

SPEAKERS

Dr. Alok Adholeya
Director, TDNBC

Dr Ernesto Alfaro
INL ,Braga, Portugal

Dr Begoña Espiña
INL ,Braga, Portugal

Dr Amit K. Dinda
Professor, AIIMS, India

MODERATOR

Dr Pushplata Singh,
TDNBC, TERI, India

This webinar will present several topics related to research and development for safe nanoproducts and suitable guidelines for assessment of Nano-Agro and Nano-Pharmaceutical –Products for regulatory clearance. Topics discussed will include nanoproducts type, potential rules and regulations associated with each product type and best practices for minimizing potential health and environmental impacts. At the end, this webinar will have an interactive Q&A Session—where Problems are discussed & Queries are answered by 'Expert Panel' to a Wide Variety of Industrial Audience in a Highly-Interactive Session.

BRIEF EVENT INFORMATION:

Date: 19th February, 14.00 PM to 16:00 PM IST

How to Register for Free? Send email to DTDRNA Secretariat

Organizer: TERI-Deakin Nanobiotechnology Centre and Coromandel Fertilizers Ltd

Contact: DTD-RNA Secretariat +91 78381 20198, DTDRNA@teri.res.in

CONFIRMED BENEFITS FOR ALL ATTENDEES:

- 1) E-Certificates
- 2) On-line interaction opportunities with experts and regulators
- 3) Webinar will have an interactive Q&A session – so, do not forget to “submit your specific question” here. Email your questions at DTDRNA@teri.res.in.

WHO SHOULD ATTEND?

Industries making NanoPharmaceutical/ cosmeceutical products,

Industries making NanoAgricultural-inputs/ food products

Researchers/Technocrats/Professionals working on development of nanoproducts
