

TRAINING COURSE ON GC AND HPLC TECHNIQUES

TERI is organizing a 6 days training program through an interactive classroom sessions/demonstrations/practical's and doubt clearing sessions for students/doctoral/ post-doctoral fellows/ mid – career scientists in the field of R&D /Production/ QC managers.

The training program organized by the Plant and Biotechnology Division of TERI will essentially focus on the various aspects related to Gas Chromatography (GC) and High Performance Liquid Chromatography (HPLC) analysis viz. a viz.

- ⇒ Principles of chromatography
- ⇒ Introduction to GC and HPLC; various parts of chromatographic Instruments and their role in separation;
- ⇒ Sample preparation; clean up; separation and quantification of sample constituents. through classroom sessions /demonstrations / practical / doubt clearing sessions in the end.

Eligibility criteria –

Bachelor's degree in science / Agriculture/ Engineering or allied fields.

Registration Fee – To be in the form of demand draft favoring “*The Energy and Resources Institute, New Delhi*”. Last date for receiving the nomination / application along with the registration form and demand draft is March 31, 2014.

- ✓ Rs.30, 000/- (Scientists/ Research Professionals/ Faculty members)
- ✓ Rs.50, 000/- (Participants from industry)
- ✓ Rs.20, 000/- (Students/ Research Scholars)
